KING	12½	11

FITTED COVERLET Style No. FC303

Tailored drop, tongue in corners, welting at edge of mattress. Plain hem, standard drop approximately 12".

Style "Comforlet" (12 oz.)

These stunning comforlets are available in outline or handguided patterns.

They are quilted through in one process.

Therefore, the quilting pattern you see on top side is the same on reverse side.

Edges self-bound. . . add 1 yd of fabric desired for binding. Welting not available.

Style "Super Quilt" (16 oz.)

These unique, luxurious comforlets are quilted, hand guided, each side individually with 8 oz. fill and finished with welt. This permits the use of completely different quilting patterns on each side such as an outlined print on one side and a channel, squares*, box diamond, etc. or allover pattern on the other.

*NOTE: if ordering squares, diamonds, chevron or channels specify which allover quilting pattern is desired on reverse side. We cannot quilt squares or channels on both sides.

If not specified, we will pick appropriate pattern.
